

CAREER OBJECTIVE

Motivated Computer Science student with a passion for UI/UX design, front-end development, and AI. Seeking an opportunity to apply my skills, learn from experienced professionals, and contribute innovative, user-focused solutions that support organizational growth and success.

WORK EXPERIENCE

Investment Analyst • Internship

Oct 2025 - Jan 2026

riidl, Mumbai

Conducted in-depth market, investor, and competitor research to identify emerging business and investment opportunities. Analyzed market trends, investor behavior, and financial insights to support strategic decision-making and business growth. Organized and maintained structured investor databases, ensuring accurate tracking, segmentation, and reporting. Supported investor relations through concise, professional outreach and stakeholder communication. Developed research-driven reports and summaries to present actionable insights for partnerships and expansion opportunities. Collaborated with teams to streamline investor communication workflows and improve relationship management efficiency. Conceptualized data-driven approaches for identifying high-potential markets and investor engagement opportunities. Learnt practical market analysis, investor communication, and business intelligence strategies through real-world research tasks.

EDUCATION

B.Sc, Computer Science

2024 - 2027

S.K. Somaiya College of Arts, Science and Commerce, Mumbai

CGPA: 9.52/10

TRAININGS / CERTIFICATIONS

UI/UX Design & Web Development Course

Sep 2025 - Jan 2026

Ocean Classes, Mumbai

PROJECTS

Expense Tracker ↗

May 2026 - Jun 2026

Expense Tracker is a React-based web application that helps users manage their personal finances by tracking income and expenses efficiently. Scope: Transaction management, expense categorization, balance calculation, and spending history. Action: Built an intuitive and responsive interface with real-time updates using React. Result: Enables users to monitor finances, improve budgeting, and make informed spending decisions through a simple and user-friendly experience.

Society Management Application ↗

Nov 2025 - Dec 2025

A Society Management App simplifies and digitizes residential society operations, communication, security, and payments. Scope: Resident management, maintenance billing, visitor tracking, complaints, notices, facility booking, security, and society accounting. Action: Automates society management tasks like billing, visitor tracking, complaints, communication, and security monitoring. Result: Saves time, reduces manual work and errors, improves security, enables faster communication, and provides better management efficiency for residents and committees.

SKILLS

- Artificial intelligence
 - Prototyping
 - Visual Design
 - Usability Testing
 - CSS
 - Adaptability
- UI & UX Design
 - User flows
 - Information architecture
 - Figma
 - Bootstrap
- Wireframing
 - Interaction Design
 - UX Research
 - HTML
 - Emotional intelligence

EXTRA CURRICULAR ACTIVITIES

- Actively participated in basketball, developing teamwork and leadership skills.
- Pursued painting and creative arts, enhancing creativity and design thinking.
- Engaged in dance activities, building confidence and collaboration skills.
- Balanced academics with extracurricular activities, demonstrating discipline and adaptability.

Task Management Admin Dashboard ↗

Dec 2025 - Jan 2026

A Task Management Admin Dashboard helps organizations monitor, assign, and manage tasks, employees, and productivity from a centralized system. Scope: Task assignment, employee tracking, deadlines, progress monitoring, reports, team communication, analytics, and workflow management. Action: Simplifies project coordination, tracks team performance, identifies workflow gaps, and improves task organization through better dashboard design. Result: Increases productivity, improves team collaboration, reduces delays, and enables faster decision-making with real-time insights.

Flara Jewellery Website (Responsive) ↗

Jun 2026 - Present

Flara is a modern, responsive jewellery website designed to showcase premium collections through an elegant and intuitive shopping experience. Scope: Product browsing, category exploration, featured collections, responsive layouts, and seamless navigation. Action: Developed a visually appealing interface with optimized performance and mobile responsiveness using HTML, CSS, and JavaScript. Result: Delivers a fast, engaging, and user-friendly experience that enhances brand appeal and improves customer interaction across all devices.
